SHEAFFER.

RESPECT THE PAST. INVENT THE FUTURE

Since 1913 Sheaffer has enabled creative minds to pursue their artistic dreams. Over the 104 years of the brand's history, Sheaffer has always respected its past, while inventing its future in order to stay relevant in our ever-changing world.

With the 2017 relaunch of the Sheaffer Pen & Arts Supply Co., this tradition continues via a new offering of colourful

and stylish new tools for creative minds – like the Sheaffer Ion and the Sheaffer Pop – while honouring beloved classic fine writing instruments – like the Sagaris and Prelude. Each Sheaffer writing instrument easily transitions from school, to office to whatever life brings next.

May the new collection ignite your curiosity...

THE GIFT THAT MATTERS

Style matters and mesmerizes around the world. The effortless flow of an A-line skirt. The impossible sleekness of a Gehry skyscraper. Style beckons. Style entices. Style turns a curious onlooker into a passionate advocate.

What's your Sheaffer style? From time-honored classics of years past as seen here, to elaborate designs with premium finishes, a Sheaffer writing instrument easily transitions from office, to home to whatever life brings next.

The worldly style of a Sheaffer writing instrument is something not easily defined.

This year we invite you to explore your own style with the 2016 Sheaffer Collection. It is forever the Gift That Matters – the ever-evolving style that captivates and captures the personal style and life stories of so many loyal fans around the world.

Collectors and first time buyers choose Sheaffer® pens of incredible variety, in both classic and contemporary styles. Each an expression of design and engineering that flows straight to the heart and head of the onlooker.
